Germans perform in convo

A variety of convos were scheduled for the student body, and a special attraction was a musical performance by the German students from Erlangen. There was a startling two-hour convo on birth defects, a performance by the Lazer Band, a frisbee demonstration, and an informative lecture by Woody Hayes. Students were acquainted with a Pepsi representative speaking on "The Spirit of

Challenge" and finally, a gas resource convo.

There were a few changes in the pep sessions this year. Mrs. Howell and the cheerleaders were in charge. For Football Homecoming the cheerleading squad collected money from the students to see whether Mr. Mathis or Dr. Wirtz would get a pie in the face.

1. Giving Coach Howell a king-size cookie at the football playoff pep session are Dawn Thompson and Lisa Balog.

What would it be like to spend your senior year of high school in a foreign country? Ask Senior Heidi Freckelton who participated as an American Field Service exchange student.

Heidi spent a year in Kiruna, Sweden, where she attended Hjalmar Lundbogmskolan gymnasium (high school).

From shopping and hiking in the mountains to skiing and watching the slaughtering of reindeer, Heidi and her family had a

lot of unforgettable experiences. After spending a week touring Stockholm, she returned there at the beginning of July to meet all AFS students for the trip home.

Senior Laural Scelonge also had a taste of a different culture. She was an American Field Service exchange student who spent her summer in Triste and Cortina D'Ampezzo, Italy.

In Triste, the first part of her trip, she stayed with Mr. and Mrs. Tullio D'Angelo, their son, Anrea

and daughter Suzanne. Thirteen-year-old Suzanne was the only family member who spoke English. But luckily in Cortina, her second Italian family of Mr. and Mrs. Giorgio Viola and their son, Marzio, everyone spoke English.

The next best thing to being there must be meeting someone from there. Such was the case with Paul Wagner, the third AFS student from Diekirch, Luxembourg.

Three students take transatlantic trips

Paul, who stayed with Mr. and Mrs. Nawrocki, became a usual sight to see around the school.

Besides spending a total of seven years in junior-senior high school, students in Luxembourg had to study three foreign languages with only a small selection of electives. According to Paul, many students were held back because they did not keep their grades at a C level or higher. Also, in Luxembourg, there were no or-

ganized sports run by the school. Instead, sports teams were run by the town, where people competed against one another.

Although the students rarely dated because they were not allowed to drive until they were 18, could you ever imagine going to the local pub for a few beers after a hard day of school? This was about as common to Luxembourg students as getting a D.Q. was to us.

1. Homecoming means painting windows. That's what Debbie Kranz and Paul are doing.

2. In Sweden, Heidi Freckelton wears her Brickie jacket on a walk with her "mom."

4. Cookouts are part of the package deal of a reindeer slaughter which Heidi attended.

3. Shown here is Debbie Storck, conducting an interview with AFS student Paul Wagner.

5. AFS student Paul Wagner is shown how to "gorge" by Mr. Wuchner and Miss Payne.

6. Enjoying herself at the AFS Welcoming Party is Senior Laurel Seclonge.

Snowday cancels one musical show

The musical review, "Perfectly Frank," was performed in the auditorium March 5. The March 4 performance was cancelled due to the weather. The spring musical featured the music of composer Frank Loesser, who wrote for musicals such as "Guys and Dolls," "Hans Christian Anderson" and "The Most Happy Fella." Director Bill Darnell was aided by Mrs. Carole Miklos, junior high teacher, and Kevin Speer was the student director. The production was different be-

cause it was a musical review rather than a play. It consisted mostly of songs and there was very little spoken dialogue. Mr. Darnell chose the review because he wanted to do a show with more individual parts. Members of the cast included Lori Barr, Jon Krone, Lori Flanders, Kelli Hallas, Therese Milenkoff, Beth Oglesby, Rocco Paris, Cheryl Poskin, Roy Richmond, Laural Scelonge, Shelley Scott, Bill Shoyer, Michelle Stratton, David Thiel, and Valerie Wilson.

CLASSES

Once again the Senior Class of 382 students prepared for graduation. The class voted to buy their caps and gowns instead of renting them, and their gift selection to the school was a mural painting of a Yohan on the gym wall. Mid term graduation was restricted, allowing only 21, with Social Security problems or justifiable reasons, to be eligible for release. The class motto was "Nothing is impossible to a willing heart," and the colors were French blue and silver, with a pink carnation as the class flower.

Members spent the day decorating to the theme, "Don't Stop Believin," and for those who weren't too nervous to eat, a pizza party was held afterwards.

With a second place float, "Tilt the Raiders," behind them, and the work of the prom completed, the Junior Class looked forward to "Treading not the Well Worn Path" but making their own with an American Beauty Rose in hand. Members of the Junior Class with 333 students also had their own lockers and the officers served as ushers at the graduation ceremony.

Mr. Barack becomes new Asst. Principal

Mr. Richard Barack was hired as assistant principal to replace Mr. Walter Nabhan who retired, but Mr. Barack was assigned to activities while Mr. William Cope was moved to assistant principal in charge of discipline.

The Freshman Class was moved back to the Junior High School, although the administration decided to begin busing the

junior high and the high school kids together because of a decrease in enrollment. The passing time was extended back to five minutes, and a strict new policy was put into effect to cut down on student tardies. The Attendance Office also instituted a progressive discipline policy and teachers were encouraged to use the system in the classroom.

Lobby lunch eliminated

The satellite lunch program turned into the new bulk feeding program which catered food to four elementary schools where the students were served buffet style. The lobby lunch line was cut but a sandwich, fruit, and milk line was still available to the stu-

dents. Although everyone make jokes about serving pizza burgers every Monday, they still continued to lead the list as the students most favored food.

Mrs. Patty Nelson became an attendance office secretary replacing Mrs. Connie Lough who

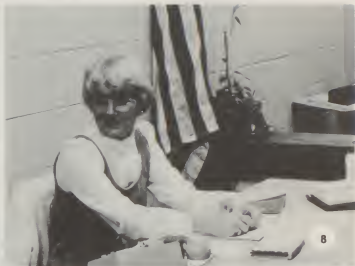

was transferred to administration.

Every year the janitors are only credited with keeping the rooms and halls clean, but they also do anything from painting, sealing floors, and changing lights bulbs to cleaning mold off of carpeting. When questioned about the in-

crease of graffiti in the bathrooms, janitor Jo Whitaker stated that she felt sad that people have nothing better to do, and that the janitorial staff spends a lot of time trying to remove it. This year James Chemelik was added to the staff.

2. Shirley Jancarc, bookkeeper.
3. Lucille Jakosh, main office secretary.
4. Sally Cope, attendance secretary.

All the musical organizations at the senior and junior high schools combined for a concert to raise money to buy a piano for the auditorium.

A permanent flag corps, as well as pom-pom, was added to the band auxiliary corps for the football marching season. Corps members donned new purple and gold uniforms for the basketball season and added a performance at a wrestling match.

Team sports added

From calisthenics to ugly informs, most of us have participated in physical education class at least once. Although this year's classes seemed to enjoy simple dodgeball games the most; activities from flag football, soccer, swimming, tumbling and orienteering were covered. Team handball was added to the program, along with karate and personal weight management for the advanced classes.

Due to low enrollment, P.E. instructor Miss Betty Funkhouser was transferred to the junior high leaving only three instructors at the high school.

Although the range and on-the-road driving was favored by the drivers education students, there was a wide variety involved in the four-phase program: the classroom phase, simulators, range and on-the-road driving. When asked what he liked most about teaching driving, Mr. Moe Rhody replied, "The satisfaction of seeing the unskilled beginning driver achieve the skills necessary to become a safe driver." This year, Mr. Jim Johnston taught drivers education for the first time.

Germans stay three weeks

In April, 19 students from Erlangen, Bavaria, West Germany, spent three weeks in Hobart. Activities included tours of the area, the Dunes and Chicago, a professional baseball game, a skating party, and potluck dinner and visits to other schools. The group received the key to the city, and "Erlangen Week" in Hobart. In the summer a group of HHS students visited Germany for three weeks.

With the addition of Russian to the foreign language department, students were once again introduced to a new culture. Along with studying the language, food, music and current events, Russian students were required to do projects of historical significance.

The curriculum in the English department was changed from nine week courses to a semester of composition and a semester of literature, the emphasis placed on composition. Junior and sophomore classes viewed the movies "The Grapes of Wrath" and "Julius Caesar."

1. Putting the eyes on a pinata for Spanish class are Sabra Cope and Ronda Auxier.

Zero hour class added

An increase in the enrollment in some industrial arts areas brought about changes in the department. An advanced wood shop class was added from 6:30-7:30 a.m. for seniors, making 7 wood shop classes each day. An advanced auto mechanics class was added for seniors, increasing the classes to 6 each day. The wood shop received a new shaper and belt and disc sander and every two weeks, displayed student projects in the display case across from the athletic office. The metal shop program, except for one class, was disbanded at the beginning of the second semester due to a lack of personnel. A new project in beginning drafting was design testing by building cars from wood and then racing them.

Students in the family living class staged a mock wedding and reception to be followed through in class. The child development class managed a child care center set-up. The home economics department received three new stoves, one refrigerator, dishwasher, washer and dryer and six sewing machines.

1. One of the requirements in home ec. is knowing how to serve the food once it is prepared. Senior Joe Weber shows how part of this is done.

3. Adjusting the tanks to prepare the proper welding mixture of gas and oxygen are Lenny Stout and Colleen Kegebein.

The major project of the class was presenting the production of "The Hobbit" for elementary schools, as well as one night show. Performers Roy Richmond, Rocco Paris, and Jim Kolwyck took lead parts, but the real star of the show was a dragon created by Mike Maxwell.

Miss Hopp retires after 35 years

After teaching at Hobart Senior High School for 35 years, Miss Helen Hopp began teaching at HHS in 1947 after college and a stint in the Army. She taught a variety of classes, including shorthand, typing, business math, Business English and business law. Although she sponsored various clubs, her favorite was the Debuteens, which she sponsored since 1969. After retiring, Miss Hopp remains active in her church, Augustana Lutheran, and with the Hobart Historical Society and the American Association of University Women. Volunteer work and travel are also in her plans.

Mr. Stanley Senderak became a member of the HHS faculty in 1953 and his classes over the years included physics, government, chemistry and a variety of math courses. For many years he sponsored the Science Club at the high school. He died March 12, 1982, at St. Anthony's Hospital in Michigan City.

*It seems I always find myself writing
out my feelings of everyone that
came and left.
But this time the words won't rhyme
as they did so easily before.
Of all the formulas, is there not one that
will ease the pain and emptiness
lingering everywhere?
You made an impression on me that will
keep me on the right path.
You used to speak to me never realizing
your words weren't quick to understand.
But all your intelligence, charm, and wit
flowed with every spoken word.
You always seemed to be thinking of
some great philosophical thought.
Was it that you had the answers to
all the problems of this inside-out world?
What you gave me and everyone else is
more than a lifetime of accomplishments.
Everyone who knew you came to love you
and your life will be greatly missed.
And all the wealth you brought into
my life will live in my heart forever.
May God watch you and keep you safe for us
and may you rest in everlasting peace.*

*Thou my heart to yours,
Nichel Castro*

Mr. Stanley Senderak
1921-1982

I would like to express my feelings on being the editor for our 1982 yearbook. It was a great learning experience for me and gave me a chance to work side by side with some very talented people. I think as we approached our job in the fall we didn't know how much work was cut out for us. Until you experience deadlines, need of pictures, copy writing and artwork, it might seem like an easy job. The more we did on the book and saw it taking shape we had a mutual feeling of accomplishment.

I would like to thank this years staff for being so "different" and making the class so much fun. I would also like to thank Mrs. Lambert for putting up with this year's staff and their "nickles." I would like to thank Bob Green for the pictures he gave us to work with, and Jerry Gaydos for some pictures throughout the book. And a special thanks to Jan Bonner for the artwork given to us for last year and this year's book. I would like to wish next year's editor, Valerie Wilson, good luck!
